

## 10 years Important Dates REPORT

### **TRANSITS: Transits to Natal Interpretations**

These interpretations have been written to apply to transits to a geocentric tropical natal chart using a quadrant-based house system.

When using these interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection of what is happening to the individual whose transits are being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

### **PROGRESSIONS: Progression Interpretations**

Astrologers use the term "Progressions" to describe a particular technique of moving planets forward in time. This technique is aptly named because it describes how a person progresses through their life. Progressions describe the different phases in our lives as well as our inner urges and how they affect our lives rather than dramatic outer events. However, our urges can significantly affect the way in which we react to circumstances and therefore our decisions. It is important that we go with the flow rather than fight against the tides of our lives. Therefore Progressions are likely to show us signposts in life's journey and consequently help us gain wisdom and understanding. Some astrologers believe that Progressions are signs from our soul or higher self; others place less emphasis. We suggest that you read on and see for yourself.

**TRANSITING URANUS CONJUNCTION RADIX URANUS (10th House)**

In Orb 1 Jan 2021, Already 1 Jan 2021, Exact 21 Feb 2021, Leaving 18 Mar 2021

This transit usually occurs around the age of 84 years, (although it can occur just after birth when it is of less significance).

When it occurs at 84 years it is a time of spiritual renewal. You have just completed one full cycle of the planet Uranus which governs freedom, insight, originality and detachment from emotions. You now have the ability to view your life in a new light. In some cases, if you have suppressed the spiritual side of your nature, you will experience very little. However, if you are alive spiritually then this can be a great time of insight and contentment as you release earthly attachments in favour of spiritual rewards. It is now that you will feel that you have indeed attained wisdom.

Right now you are reflecting on the way that you have lived your life - your past loves, your dreams and your artistic and spiritual endeavours. It is time to contemplate. Action now may prove frustrating. You need to take time for meditation, prayer and other spiritual and artistic tasks. You may need to adjust your expectations of yourself and loved ones. You may need to forgive and forget. In some cases you may need to face the facts that you have let fear rather than love rule aspects of your life. All sorts of metaphysical realisations may emerge during this phase.

This may take many forms including career promotion, others recognising your work and opportunities to study or travel. In some cases you may feel the urge to make changes to your current lifestyle to accommodate your need for expansion. The only hitch to this transit can be that you may lack

tolerance for anyone who stands in your way as you seek to expand your horizons. If this is the case enlist the help of others rather than tempting them to work against you.

This transit is known in astrology as the "Saturn Return" and occurs approximately every 29 years. The planet Saturn has done a full cycle of your chart and returned to its natal position. The first Saturn return, at approximately 29-years-old, is one of the most important times of your life. You are leaving behind childhood

and reviewing your life through new, more mature eyes. During this time your past comes under close scrutiny. You are being forced, whether you like it or not, to face life with a new maturity.

This time marks a separation process, during which anything that no longer supports your life purpose is being broken down and remoulded, or discarded. This paves the way for new responsibilities to be shouldered as you move into the next cycle. The type of responsibility will be affected by the house placement and rulership of Saturn.

The second Saturn return, around the age of 58, also forces you to face up to your responsibilities. The effects of this second return will vary, depending on how successfully you handled your first return.

#### **TRANSITING JUPITER CONJUNCTION RADIX JUPITER (7th House)**

Entering 17 Feb 2021, Exact 21 Feb 2021, Leaving 25 Feb 2021

In particular it shows the end of a cycle of beliefs. You have been learning about your own spiritual, religious or philosophical beliefs, and have now reached a new level of understanding. Therefore during this transit you may meet new teachers, join new groups or start new activities which will help you in the next cycle of learning. It's usually a beneficial time.

You may decide to end projects which have become dated. You may begin a writing project such as a diary, journal or writing your life history. Joint enterprises bring benefits during this period, as long as you show some restraint. It would be easy to make grand plans for investments and joint businesses during this time but you would do better to plan carefully. It is also possible that you receive a gift, a legacy or inheritance. Metaphysical matters may also appeal.

#### **TRANSITING JUPITER ENTERING PISCES (8th House)**

#### **ECLIPSE OF TRANSITING SUN (11th House)**

10 Jun 2021

#### **PROGRESSED MOON ENTERING CANCER (11th House)**

15 Jun 2021

Your nesting instincts are strong during this phase. This does not necessarily mean that you want to start a family, although this could be the case. This can be the ideal time for pregnancy and childbirth. However, it can also mean that you want to find a home that is most suitable to your needs. If you are comfortable in your own home then you may simply redecorate or renovate. However, if you feel that you have outgrown your current abode then you are likely to move. Perhaps you look further a field than your local neighbourhood, setting your sights on travelling to a different location, even a different country. You may invest in real estate, perhaps purchasing a second property for recreation or retreat. If you have been itinerant in the previous few years then you may now feel an urge to settle down in one place. Whatever the scenario you are seeking to solace and satisfaction in your home. You may feel the need to spend more time with your family and close friends. Perhaps one family member is demanding more of your time, wanting you to keep them company or needing some extra loving care. Your compassion is aroused now and you are more able to take care of yourself and loved ones. You may also enjoy seeking your family roots, visiting older relatives, researching your family tree and visiting ancestral places. All of these pastimes may help you better understand your familial background. Pets may also feature during this phase. If you don't already have a loved pet then you may feel the need to seek out a pet. Either way animals can be a great source of comfort. Children, too, can demand your time and care. If you enjoy spending time with loved ones then this can be a rewarding phase, however; if you find the care of others an onerous task then you may struggle with this phase. Perhaps ultimately you decide that you are most comfortable when living on your own. The emphasis is on you finding your own comfortable situation so that you are ready for the next creative phase of your life.

#### **TRANSITING JUPITER ENTERING AQUARIUS (8th House)**

#### **ECLIPSE OF TRANSITING SUN (5th House)**

4 Dec 2021

### **TRANSITING NORTH NODE ENTERING TAURUS (10th House)**

22 Dec 2021

This is a quest to overcome your distrust of change, to develop creative outlets for your intense emotions and to avoid hitting out at loved ones. These attributes plagued you in this life because of suffering and traumatic endings in past-lives which left you with deep emotional wounds and a feeling of being cheated. In learning this life's lesson of trusting the process of change you will develop a newfound sense of peace and stability.

### **TRANSITING JUPITER CONJUNCTION RADIX SUN (8th House)**

Entering 10 Jan 2022, Exact 14 Jan 2022, Leaving 19 Jan 2022

This is a time of optimism and self-confidence. You feel that you can take on the world. Your goals are within reach and success comes easily now. You are also happy to share your contentment with others. Abundance and good fortune are key words for this period. You may decide to improve yourself through some study, travel or by joining a religious organisation. Your good nature is likely to be attractive to other people and you may receive recognition and appreciation. The only problem in this transit is that you may go over the top in your efforts to get what you want from life. There can be a certain arrogance accompanying your actions and decisions. Remember that moderation and balance are also important.

### **TRANSITING SATURN CONJUNCTION RADIX JUPITER (7th House)**

Entering 19 Jan 2022, Exact 27 Jan 2022, Leaving 4 Feb 2022

This transit is all about making your dreams reality. You are being forced, whether you like it not, to reassess your goals in life. This can be a painstaking process. Any goals which have been impractical and far-fetched will need to be revised in a more practical light. Your usual resources may not be readily available, forcing you to delve deeper for ways to get things done. By the end of the transit you may feel a renewed sense of commitment to your goals.

This can be a time when you discover your spiritual purpose. But beware because this transit can really dampen your spirits. Your usual buoyancy and optimism are overshadowed by an awareness of life's hardships. Whereas once you could see light at the end of the tunnel, now you see only the obstacles along the way. Doors that once seemed to swing open, now ominously stay shut. It may be that an authority figure or an external event is literally limiting your options, or simply that you are going through self-imposed hardship. Either way you would do best to recognise that this is a passing phase, and circumstances will change and life will not always be seen through such a pessimistic lens. On a more positive note this can also be a time of wise decisions and increased commitment. If you have been careless in the past, this can be a time when you slow down and take on a more sober approach to life with long-term benefits.

### **PROGRESSED MOON ENTERING 12TH HOUSE (12th House)**

24 Jan 2022

It is time to slow down and reflect on your life. You are ending one phase of your life and starting another. This does not mean that everything changes during this phase, but rather that you change in some meaningful way. At the end of this phase you may be in the same career, home, and relationship with the same friends and family members. However, you are likely to have changed in some way. Of course, it is possible that your process of reflection results in a change of direction, ending one phase of your life before moving on to a completely new scenario. You would be well advised to ponder any changes rather than make rash decisions. This is a time of you working surreptitiously to achieve your life goals. You are unlikely to receive recognition for your efforts right now. This will come later. You can liken this phase to a theatrical production. Much behind the scenes work is carried out on a production before the season begins. The director plots the action, the actors rehearse, the sets, lighting and costumes are designed, to name just some of the behind the scenes activities. Eventually the lights go up on a polished and professional performance and everyone receives well-deserved accolades.

Right now you are working behind the scenes on something important in your life. This could be a hobby, a work project, home renovations, pregnancy, finances or perhaps even a budding relationship. It is important that you take time to contemplate your goals and personal needs so that you can benefit from the rewards that come in the next phase of your life. Procrastination is not helpful during this phase. Meditation and prayer may be beneficial. The sign of your progressed Moon will also show you the manner in which you are likely to withdraw from society. For instance if your progressed Moon is in a fire or air sign then you are more likely to be restless unless actively working behind the scenes on a project. If your progressed Moon is in an earth or water sign then you may be more satisfied to reflect quietly on the different aspects of your life.

#### **TRANSITING JUPITER CONJUNCTION RADIX NEPTUNE (8th House)**

Entering 22 Mar 2022, Exact 26 Mar 2022, Leaving 30 Mar 2022

This is a time of heightened intuition during which you feel tempted to explore a more spiritual or artistic side of life. Even if religions have never before seemed inviting, you may now start to ponder the meaning of life and explore different religious avenues. You may be tempted to go on some sort of spiritual quest. However, one of the problems with this transit can be that you are seeing everything through rose-tinted glasses. In other words you may be vulnerable to the charlatans of the world as you are extraordinarily sensitive during this transit. You may also feel the urge to take on some charity work. While this can be a beneficial act, you need to beware of wasting your energy on people who do not want to be helped, but would prefer to remain victims of society. Also beware of being lured into the world of addiction through drugs of any kind. You would do better to explore spiritual pursuits, metaphysical subjects, or latent artistic talents without entering schemes that could have long-term ramifications.

#### **TRANSITING NORTH NODE CONJUNCTION RADIX MARS (10th House)**

Entering 25 Mar 2022, Exact 13 Apr 2022, Leaving 2 May 2022

If you started a new family in the previous phase then you are likely to enjoy doing fun activities with your children, perhaps interacting with like-minded friends or taking part in group activities. If you put your career on hold to have a family then perhaps you are now ready to start devising ideas about whether or not to return to work and what type of work is now appropriate. On the other hand you may simply have reached a stage of life during which you are eager to explore your artistic talents or develop your own creative projects. Perhaps you built a new home and now you are ready to decorate. On the other hand you may have established a new home in a new neighbourhood and now you are ready to explore the community facilities and possible friendships. No matter what specific area of your life is highlighted, generally speaking you are eager to seek out new and rewarding personal experiences. Responsibilities do not sit well on your shoulders during this phase and you are likely to balk if anyone tries to burden you with too many duties. The only drawback to following your inner urges during this phase of life is that you may be a little too self-centred. You need to find the right balance between satisfying your own needs and taking into account other people's needs. You may find it difficult to listen to loved ones, but this is important if you are to be truly satisfied and supported during the next phase. The more that you can be inclusive and generous with family, friends and associates, the more you will reap the benefits in the next stage of the cycle. This is the ideal time to boost your self-esteem through playful and imaginative activities, to explore creative ideas with the view to starting new projects. You could be very productive once you follow your heart's desires and learn to harness other people's support.

If you have alienated loved ones or associates through self-centred behaviour then you are likely to experience some obstacles now. Also if you became carried away with your own sense of self-importance then you are now required to reassess your ideas. On the other hand if you were inclusive and generous then you are likely to move forward with your project reaping the benefits of co-operation from other people. Either way you are being urged to come down to earth. You are now required to tie up the loose ends of the previous phase and to move forward in a more realistic manner. Plans, schedules, diaries and contracts may all feature. You may also be required to review your finances and make changes to your earning capacity or spending patterns. Changes in the previous phase may have resulted in the need to consider your finances in a new light. The ending of a significant personal or business partnership may result in

It is time to make some changes in your life. This can be a challenging period during which you feel lonely, perhaps even depressed. Try not to succumb to gloomy feelings. You will do better if you can focus on the work at hand. You are being asked to rely on your own resources. The onus is on you taking a long, hard look at all areas of your life and making the necessary changes. You are quite serious, not as light-hearted as usual. In fact your loved ones and colleagues may wonder what has happened to your sense of humour. You feel misunderstood and therefore are likely to isolate yourself socially. Now is the time for serious work. Your work, home, family and marriage are all open for contemplation. If you are married then you are likely to be faced with some big decisions. This could include buying a house together, starting a family or moving to a new area. On the other hand you may be single and seriously considering marriage. Your professional life may also change. If you are satisfied with your job and your career then you may apply for promotions, or take further courses to advance your career. If you are dissatisfied then you are likely to make changes. Right now you are being forced to work hard towards your goals, to keep sight of your personal and professional ambitions and to shoulder your responsibilities. At times you may feel tired. However, you need to make choices rather than try to take on every opportunity that comes your way. If you are not careful you may well overindulge and overestimate your own abilities. As a result your life may become imbalanced. You need to make sure that you do not neglect one area of your life as you pursue your own goals. You need to balance your home, family, work and marriage, with your own interests and appetites. The problem is that you are currently going through a somewhat egotistical stage. On the positive side you are eager to achieve your goals and are quite capable of doing so. Gifts, rewards and awards may well come your way. You may also attract warm wishes and gifts from friends, lovers, colleagues and family members. However, if you are not careful you squander your opportunities by taking things or people for granted. As a result you over-commit yourself, neglect loved ones and run out of energy. A time of short-term excess can result in loss of all that is meaningful. If you can slow down and appreciate the gifts and those who give then you are most likely to gain some enduring benefits. However, if you remain self-righteous and continue to indulge your every whim then you could fritter away this period of your life.

Try not to be too concerned. You simply need to slow down, rest and reflect on some important aspects of your life. As part of this process you may feel the urge to take part in creative, spiritual or artistic pursuits. These can be a valuable means of exploring your feelings, but don't let yourself be carried away. You are vulnerable right now and need to avoid making lifelong commitments. It is a time for exploration rather than obligation. Your dream life may also be more active, as you tune in to your intuitive nature. Dreams may be more vivid, carrying messages for your waking life. Your perceptions and goals are changing in subtle ways. You need to avoid making decisions that require logic. Preferably you should learn to listen to your intuition. If in doubt then take your time before making life-changing decisions. This is a time to gently explore the more subtle realms of life, rather than forge ahead with definitive goals. You are rather like the butterfly that is emerging from the cocoon. If you are settled with a home and family, then this could simply mean that you need to pay more attention to the wishes of your family and spend more time at home. If you are not settled with a home and family, then your nesting instincts may be strong during this phase. It would not be unusual for a child to be born during this time. However, it could also be a time when a family member comes to stay, or a child leaves the family home. It is also possible that you are required to take care of an ailing or distressed family member. Whatever the scenario in your life, changes are emerging on the home front and it is time to ponder on your ideal home and environment and to make the necessary adjustments that enable you to establish a firm foundation for the future. Perhaps you have been focusing on your career, forgetting the importance of spending time at home. Now you have the opportunity to enjoy some home comforts, whether you live on your own or with other people. It is the ideal time to ponder on your personal needs and those of your nearest and dearest, rather than your public life.

Relations with other people, either individuals or groups, can be stressful during this transit. It is time to reassess your connections with individuals and groups with a view to moving on with your life's purpose. Any individual or group standing in your path is liable to be pushed out of the way, as you seek new experiences. Of course it is not easy to let go of links from the past, particularly if one feels frightened of new experiences without the safety of past alliances. If you can focus on the future rather than the past, you will discover that as one door shuts another opens.
